How to measure a dog for a fleece:

Use a soft measuring tape to get the following measurements:

1. **Chest:** Wrap the measuring tape around the widest part of your dog's torso (usually just behind its front legs);
2. **Back:** Start at the lower neck and run the tape along your dogs topline to the base of the tail. We recommend your jacket back length be slightly shorter than your dog's topline measurement;
3. **Neck:** Measure your dogs neck at the widest point, leaving space for two fingers to fit between the tape and the neck so it's not too tight.

Tip: If your dog is between sizes, we suggest going up a size.

Please note: fit may vary depending on dogs build and shoulder placement.

Size chart measurements are as exact as possible. Actual sizes may vary 5% each way.

Sherpa Fleece Vest Size Chart

Fleece Size	Chest	Back	Neck
XXS	Up to 35cm	25 cm	26cm
XS	35cm - 44cm	30 cm	31cm
S	44cm - 53cm	35 cm	36cm
M	53cm - 62cm	40 cm	41cm
L	62cm - 72cm	46 cm	47cm
XL	72cm - 84cm	53 cm	54cm
XXL	84cm - 96cm	60 cm	61cm
